

NUCLEAR

INFRASTRUCTURE

Total Area: 30,000 m² & Covered area: 10,000 m²
 Steel workshop: 3,200 m²
 Iron - stainless steel Workshop: 2400 m² (converted into work area for N II for Nuclear)
 Storage area: 15,000 m²
 Workshop for blasting and painting: 1800m²

Main Equipments:
 - 3 Shearing machines Larg.4000 Ep.12
 - 1 Rig Flame and Plasma Cutting machines CN Chamfering Long.1200 Larg.3000
 - 3 Press Brakes Larg.5000
 - 4 Rolling Benders Larg.3000 - Ep.50mm
 - Rotators / Positioners Puiss.40T

- 3 Brackets for automatic welding
 - 3 units of Arc-air Gouging
 - 80 Welding Stations for various welding techniques

- 11 Overhead Cranes up to 25T
 - 4 Elevator Lifts up to 6T
 - 2 Cranes up to 20T

- Material Non Destructive Testing (NDT): Penetrant, Radiographic and Magnetic
 - 2 Hydraulic Pumps up to 600b

INFRASTRUCTURE

Creation date: 1976

Turnover 2009: 7.2 M €

No of employees: 63

QMOS certification Number

- 79 for stainless steel
- 22 for steel

Management Team

CEO : Didier LESCAUT

Technical Sales:

Boiler Making: Patrick ETIENNE

On-site Work : Jean-Luc ALARY

Export Sales: Pauline LESCAUT

Quality : Daniel GILBLAS
 (IWT Welding Technology)

HSE : Romain LESCAUT

contact@sotech-industrie.com

For over 20 years, SOTECH INDUSTRIE is fabricating pressure vessels (ESPN) and auxiliary equipments for nuclear facilities and devices related to boiler-making. It complies fully with the various building codes (RCC-M, CODAP, ...), standards (EN 13445, ...) and ordinances essential to manufacture pressure equipments. As a differentiator, SOTECH INDUSTRIE has rich process experience gained by working with leading companies. This experience manifests itself in form of superior quality and establishment of project construction files.

NUCLEAR

Some examples of equipment Supplied

MAJOR CLIENTS

- ALSTOM
- EDF-UTO
- FRAMATOME - AREVA NP
- SEGAULT
- SILEO
- ALFA LAVAL
- KSB-AMRI

SOTECH INDUSTRIE has supplied to various nuclear plants:

In France: Flamanville, Chinon, Golfech, Belleville, Tricastin, Civaux, Paluel, St Alban and Nogent

Internationally:

- China: QINSHAN, LINGAO, HONGYANHE, NINGHE, FUQING, FANGJASHAN
- Korea: ULCHIN
- Finland : OLKILUOTO
